

November 2-4, 2022

Conference
Washington, DC

WiFi sponsored by COVINGTON

- 1. Select GWconnect from your available SSID network list.
- 2. If prompted for cppm.it.gwu.edu, accept or trust the certificate. Note: The certificate will display as "Not Trusted" because it's a GWU-generated local certificate, only valid for GW resources.
- 3. Open browser to be directed to the GWConnect Splash Page. If not redirected, navigate to my.gwu.edu.
- 4. On the Splash Page, click the link in the sentence, "If you are a guest of the university click here to request or reset credentials."
- 5. Fill in the form and accept the GW wireless terms of use. Then click 'Register'.
- 6. You will receive your username and password per email and/or text message. Click 'Login'.
- 7. Enter username and password provided to you. You will now have network access for 72 hours.

Welcome

The Privacy + Security Forum brings together seasoned thought leaders in privacy and security. We are excited that you can join us!

Our distinguished participants are from Beijing, Berlin, Brussels, Dubai, Dublin, London, Mexico City, Montreal, Paris, Seoul, Tokyo, Zürich and, of course, from across the U.S.

Network with privacy professionals, security professionals, chief information officers, attorneys, academics, experts from NGOs & think tanks, technologists, policymakers, and many others with strong ties to the privacy and security community.

We look forward to welcoming you with 700+ thought leaders expected.

Daniel J. Solove is the John Marshall Harlan Research Professor of Law at the George Washington University Law School. He founded TeachPrivacy, a company providing privacy and data security training. He is one of the world's leading experts in privacy law.

Paul M. Schwartz is a leading international expert on information privacy law. He is the Jefferson E. Peyser Professor at UC Berkeley School of Law and a Director of the Berkeley Center for Law and Technology.
