**Breakout Session 1**      **U.S. Privacy Law: New Developments**

9:00 AM      Nearly 40% of states have consumer privacy laws, and states are passing more topical privacy laws dealing with biometric data, data brokers, AI, children's privacy, and health data. What strategies should be taken to address this complicated and evolving thicket of regulation?

10:15 AM      **Refreshments**

**Breakout Session 2**      **Artificial Intelligence**

10:45 AM      AI laws are starting to take shape. We now have the EU AI Act and several other broad and narrow AI laws, with many more on the horizon. Are these new laws up to the task of regulating AI? What strategies should be taken to address AI internally in such a nascent legal landscape? Should existing privacy laws be changed in light of AI?

**Breakout Session 3**      **EU and Global Privacy Law**

10:00 AM      New privacy laws continue to be enacted around the world. The EU continues to increase its regulation of privacy – and the digital economy more broadly. What are organizations doing to address the changing landscape of global privacy compliance? Will the Data Privacy Framework survive the scrutiny of the CJEU?

11:00 AM      **Refreshments**

**Breakout Session 4**      **Hot Topics**

11:30 AM      We will explore topics causing the greatest headlines, headaches, and heartache for privacy professionals. The final topic will be developed in conclusion with the Organizing Committee of the Privacy Law Salon and attendees.

12:30 PM      **Closing Luncheon**  
Miami Ballroom

2:00 PM      **End of Roundtable**
